D-U-N-S® Registered™ benefits

We built on our strength to support trust in global online trade activities:

- This service is a kind of "business card" for any company seeking to improve its credibility with potential contractors and get started on the international market.
- “Trust seal” ensures your contractors that information on you they use is correct. It is confirmation that the reputation of the company is transparent and clear. Therefore, this service is focused on reduction of reputation and credit risks of your partners. It is important in the case of trade relations, particularly when cooperation conditions are accepted and revised on the base of such data.
- The electronic certificate, which may be received by clicking on a link posted at the customer’s website, contains information about the company in a World-familiar Dun & Bradstreet business format. This "Trust Seal" is subject to voluntary disclosing company’s basic information and signing of the agreement with Dun & Bradstreet.

D-U-N-S Registered™ application

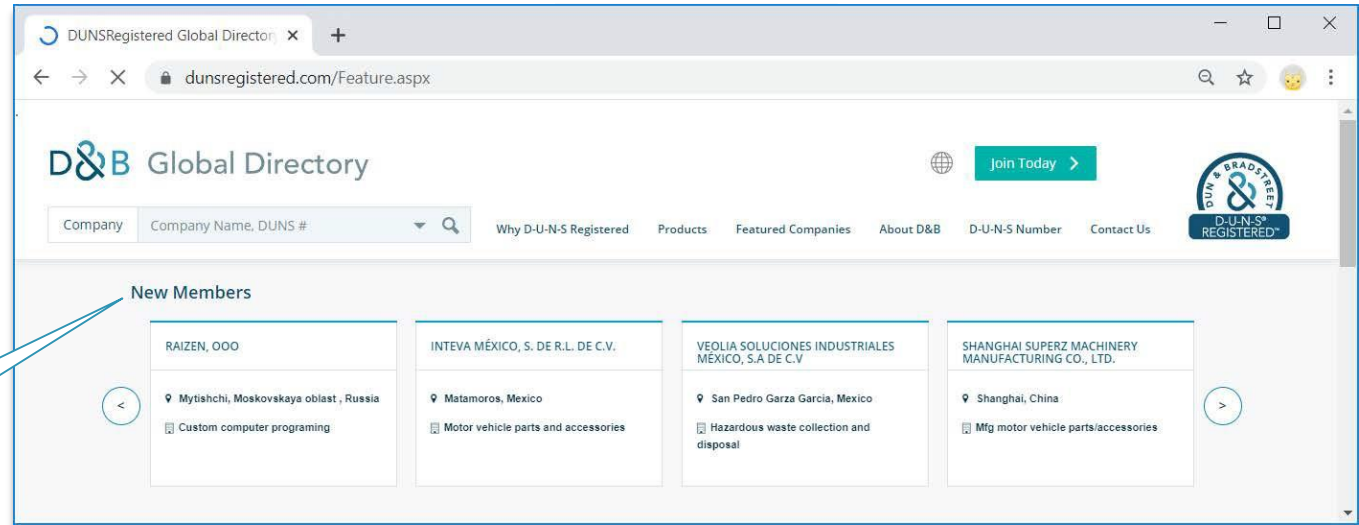

- The Profile Anywhere Seal takes D&B D-U-N-S Registered™ Seal offline, by allowing D&B to give its customers (with or without a website) an “offline” seal image with a simple hyperlink that the customers’ employees can add to their **email signatures or electronic documents and presentations.**
- **Website Seal – Electronic (online)** “Trust Seal” is placed on corporate website of the company.

All Customers having the seal on their website automatically become a member of the Global Directory.

A D&B D-U-N-S® Registered solution is the easy way to:

- Move prospects and site visitors from browsing to doing business with you
- Elevate your business above the online "clutter"
- Boost customer confidence and eliminate barriers to doing business
- Enhances the credibility of your business in the marketplace
- Enables potential customers, suppliers and lenders to easily identify and learn about your company

The screenshot displays a D-U-N-S Registered™ Profile for SCHENKER d.o.o. The profile is presented in a clean, structured layout with a blue header and a white background. The header includes the Dun & Bradstreet logo, the company name, and the language setting (English). A circular D-U-N-S Registered™ logo is positioned in the top right corner. The profile is divided into several sections: Corporate Information, Registration Information, D&B Information, and Business Information. Each section contains key data points such as business address, contact details, registration dates, and financial information.
